Volume 2, Issue 3
July 2008

Citizens Bank 702 Pamplico Highway Florence, SC

Project Manager: Charlie White
Superintendent: Michael Doyle & Perry Rutrough
Architect: ESD Architecture & Interior Design
Project Start Date: September 20, 2007

The Florence office is pleased to announce they have reached substantial completion of the Citizens Bank project located on Pamplico Highway in Florence.

Project manager Charlie White noted that overall this was a smooth project with few delays and minimal unforeseen events. He added that the subs and vendors on this job were top notch!

We would like to thank all of the subcontractors who contributed to this project and extend a special thank you to Low Country Millwork and Juniors Concrete. Their exceptional service and superior performance helped to ensure the timely completion of this project.

COASTAL DIVISION GOES GREEN

Claire Chapin Epps Family YMCA

Project Manager: Kent Gunter
Superintendent: Ashton Estridge

Description: Construction of a 38,000 square foot community recreational facility.

Georgetown County Family YMCA

Project Manager: Kent Gunter
Superintendent: Mack McCutchen

Description: Construction of a 22,000 square foot community recreational facility.

The ground breaking for two new YMCA facilities marked the start of FBI's first "Green Building" venture. FBI Construction is simultaneously constructing the Myrtle Beach Claire Chapin Epps Family YMCA and the Georgetown County Family YMCA and striving for LEED certification on both projects.

Leadership in Energy and Environmental Design (LEED) was developed by the U.S. Building Council to increase the use of sustainable and green building practices throughout the country. In order to receive LEED certification builders must adhere to performance standards and obtain a minimum number of points as detailed by the council's guidelines. Points are earned by complying with environmentally efficient practices as they related to each aspect of the building process - from site preparation and waste management to building materials and water efficiency.

Although challenging, so far the projects have proven to be an educational experience for all of the FBI employees, subcontractors and vendors involved!

Both projects are being overseen by Project Manger, Kent Gunter and have an estimated completion date of June, 2009.

FBI Employee Spotlight

Employee: Joyce Jeffcoat
Job Title: Project Manager's Assistant
Favorite Quote: In God's faithfulness lies eternal security- Corrie ten Boom

Joyce joined the FBI family 4 1/2 years ago as a project managers' assistant. She is a dedicated and respected member of the FBI team. Due to her 16 years experience in the construction industry Joyce is often selected as the "go-to" girl when events arise

Joyce and her husband Colin have been married for 12 wonderful years. Combined, they have 4 children and 7 grandchildren - 5 boys and 2 girls (Joyce's pride and joy!) and are thrilled to announce they have another granddaughter due any day! In her spare time Joyce enjoys sewing, fishing, Mary Kay Cosmetics, raising Jack Russell's, Miniature Pinchers, Dachshunds and Pembroke Welsh Corgis and of course spending time with her grandchildren.

We would like to thank Joyce for everything she contributes and for her continued service and dedication to FBI Construction.

Inside The Ranks A Message from Mike Tyler Safety Manger

Hot day, hot job, high humidity and BINGO.... another heat victim. No one is immune, and construction workers are prime candidates for heat related illnesses.

During hot weather stay alert for telltale symptoms and remember these first aid tips:

HEAT EXHAUSTION: Symptoms are heavy sweating, nausea, headache, weakness, vomiting, tiredness, fast pulse.

First Aid: Move to cooler area, cool by wetting towels and wiping down the forehead. Remove any wet or sweat soaked clothing. Fan the victim. Do not give any fluids to a victim unless fully conscious. Follow up with a medical checkup.

HEAT CRAMPS: Symptoms are severe muscle spasms in the back, stomach, arms and legs, usually caused by drinking large quantities of water without replacing salt during periods of heavy perspiration.

First Aid: Move to a cooler area. Make sure that no water is given unless fully conscious.

Any time you do give water to a heat illness victim make sure that the victim takes only slow small sips. Get medical attention as soon as possible.

HEAT STROKE: Symptoms are high temperature and dry skin, rapid breathing and pulse. Victims may appear disorganized and confused, with headache, nausea, vomiting, diarrhea, seizures and the possibility of coma.

First Aid: This is serious, so move fast to a cooler area and call an ambulance. Remove the outer clothing of the victim and apply cool water to the entire body. Fan the victim until professional medical help arrives.

To avoid heat illness, dress in cool clothing, wear your hard hat, don't over-exert your body during high temperature periods and get plenty of fluids.

Remember that heat related illnesses **MUST** have medical attention and should never be taken lightly.

In your prayers

Please keep Tim Cannon of Cannon Containers and his family in your prayers as they cope with his wife's recent diagnosis of end stage liver cancer.

Please also pray for the speedy and full recovery of John Luss as he recovers from bilateral knee surgeries and for Mike Tyler's brother as he recovers from open heart surgery.

Our sincere condolences to Mr. Willie Fox on the death of his wife.

New Arrivals

Allen Reynolds is the proud Granddaddy of Dakota Shiann Wyatt. Born 6/9/08, 8 lbs. 3oz

Joyce Jeffcoat also has a new grand baby; Lillie Ann Roach born 5/21/08, 9 lbs. - 21 inches.

Welcome to FBI Construction

The Coastal Division welcomes Mack McCutcheon, superintendent, Kathy Marsh, LEEDs coordinator and administrative support and field staff member Curtis Johnson.

The Corporate Division welcomes Todd Gardner, Robby Berry and Josh Simonsen to the field staff team, Scotty Enzor and Sheila Marshall to the scheduling department, new superintendent Bo Haynes, and Julie Yasment, Project Manager's Assistant..

Congratulations to all of the FBI employees who obtained or renewed their CPR Certificates!
